What is a Gua Number for?

In very simplified terms, your Gua Number is based on the year of your birth and helps determine the best energy for you i.e. best sitting, working, eating or sleeping positions as well as compatibility with partners ~ personal or business. This number has Colours, Shapes and Earthly Elements attached to it that are used to draw the best possible energy in all personal and business areas of life, from clothing, jewellery, home décor to logo and website design.

Calculation Process for Female:

If birth date is before Chinese New Year ~ February, 9 1967 ~ subtract 1 from the year number (*no action required*)

Add all digits together **1 + 9 + 6 + 7 = 23**

If the result is higher than 9 add digits together = **5**

Add 4 (females only) = **9**

If the result is higher than 9 add digits together (*no action required*)

If the result is 5 change to 8 (*no action required*)

Avoid: The **Earth** Element represented by all **Earth Tones** ~ Tan, Yellow, Bright Orange, Browns, **Squares & Rectangles** as Earth controls Fire by smothering it.
